Becoming a Climate Champion

Course Goals and Outline

The Becoming a Climate Champion e-course comprises five modules and a final assessment. After completing the e-course, participants should be able to:

- Devise an inclusive climate action project or initiative that contributes to the global efforts to tackle climate change
- Outline a brief communications plan to promote climate-friendly projects and initiatives
- Identify the resources needed to successfully implement a climate project or initiative
- Describe key elements to consider when conceptualizing and implementing inclusive and gender-responsive climate projects and initiatives
- Make use of different leadership change approaches to enabling in prevention, and combating the illegal traffic of plastic waste

The modules of the e-course are:

1. Leadership
2. Project Management
3. Resource Mobilization
4. Leave No One Behind
5. Communications

The estimated learning time is 3 to 3:30 hours for completion.

Completion Requirements

The certificate of completion is awarded to participants who successfully complete the e-course by achieving a minimum grade of 70% on the knowledge assessment.
